

Dear Instructors,

February 11, 2008

Summit Motorsports Park is pleased to announce the 20<sup>th</sup> annual **AC Delco High School Nationals**, presented by **Amalie Motor Oil**, is scheduled for Saturday, May 10, 2008. This is a new day! At stake this year is **\$20,000** in student scholarships to the **University Of Northwestern Ohio**. The winner will also receive a **Moser Engineering Prize Package!** **Mac Tools** has also returned and will be awarding the winning school with a **Mac Tools MacMentor Diagnostic Tool**.

The "FREE" car show will be back by demand! Students will have the opportunity to display their vehicle and be eligible to win an award.

Summit Motorsports Park provides the safe, appropriate venue for students to "run their wheels off," all under the direct supervision and guidance of our trained and experienced staff. Since we moved the date to Saturday, the kids will have more opportunities to race. Gates will open at 8:00am and time trials will begin at 9:00 am. Eliminations will start at 4:00 pm.

Positive themes such as "Stay in School" and "Say No to Drugs" will be repeatedly reinforced throughout the event. Drag racing celebrities, D.A.R.E. officials and law enforcement personnel will be on hand to assist us in stressing these messages.

Students compete individually for the **University of Northwestern** Scholarships as well as a prize package from **Moser Engineering**. There will also be off track "Extreme Games" sponsored by **Jostens** for all to participate. As a school, they will compete in popular contests such as the car cram, school spirit, and as usual; students will accumulate points by round wins for their school. The winning school will win the new **Mac Tools** Mac Mentor Diagnostic Tool for their automotive department.

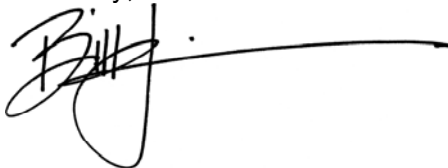

Summit Motorsports Park officials will "safety check" all cars and assist students with racing questions throughout the day. Our staff will educate participants on track rules and procedures, as well as the safety guidelines that govern our facility. This event is for Street Legal Cars or Bikes only. The "Duck" Rule will be strictly enforced. The head tech official and/or the race director will have the final say in determining what a race car is.

Please talk to your students about this program. You, as the instructor, are welcome to participate alongside your students. Enclosed is an event card for you and your students to review. When we receive your confirmation letter, two (2) FREE tickets will be sent for you and a guest to come out and spend the day with your team. As a courtesy, we will provide a luncheon for attending instructors. Don't forget you can race in the instructor's race with your **street legal vehicle!**

If you didn't participate last season, take a look; see what you and your students are missing! If you have any questions, please contact Nettie Damron (419) 668-5555, M-F 8am-5pm or e-mail:

[jdamron@SummitMotorsportsPark.com](mailto:jdamron@SummitMotorsportsPark.com) We look forward to having you and your students attend!

Sincerely,

Bill Bader, Jr.  
Summit Motorsports Park
